

MATHS QUIZ

MATHS QUIZ was conducted for students of Classes 3 to 5. There were 5 teams namely Aryabhata, Bhaskaracharya, Ramanujan, Pythagoras, Brahmagupta. Selection of the participants was done in a very fair, planned and systematic manner by conducting a written selection round. Selected candidates were informed and made to prepare rigorously before representing their respective teams.

The quiz was conducted in five rounds. It started with direct round followed by puzzle round, visual round and concluded with the rapid fire round. All the participants solved the questions enthusiastically along with the audience.
